

OPPORTUNITIES FOR INTERNSHIP

UNIVERSITY COMPUTING CENTRE LIMITED Open Source Software Innovation Unit (OSSIU)

The University Computing Centre (UCC) Limited through its Open Source Software Innovation Unit (OSSIU) will be conducting a Mentored Internship Program (MIP) for the second, third and fourth year students with interest in programming using free and open source software.

The 1st intake is expected to start early October and will last for six months where interns with their assigned mentors will deliver solutions which will be addressing Tanzanians local needs.

For more details and if you are interested send an email to ossiu@uccmail.co.tz or tilugulilwa@udsm.ac.tz. Please include your resume and a brief statement on why would you be interested in such a program. Students with project ideas are highly encouraged to participate.

Deadline 21st July 2010
